BAND4BORN
Brand Concept
01
Through research, we found that the choice of compression garments for burns patients in the market is relatively limited, this brand provides patients with a more avant-garde choice, so that patients can have a pleasant mood during the treatment. In addition, the brand also provides shapewear products to give consumers who have body shaping requirements a fashionable choice.
Mission Statement
02
B4B is committed to creating compression garments that provide burn victims with more stylish options to help them heal their skin wounds in a pleasant manner.
Brand Identily personality
03
Brand Identity Personality - Magician
Magician's goal is to make dreams come true, create something special. This is similar to the brand's goal of providing consumers with a stylish alternative to compression garments and shapewear.
Brand Strategy: Create a unique vision and stand by it.
Main color is red, black ,and white
Logo Meaning: Hope this brand's products can help users achieveа a new lease on life. 'Band' represents the bandages used by patients, '4' means 'for', while 'born' means that with the help of our products, even if burn patients' skin suffers irreversible damage, they are still free to express their own styles and attitudes towards fashion.

4. Design Development
